Work Experience

Cedi Tech Consulting:

April 2022 - Present

I worked on different projects, all related to company management and customer service, mostly with Dynamics 365/Customer Engagment/Power Apps/Power Automate/Sharepoint. Implemented customizations with Javascript and developed plugins with C#

Frelance:

Development of two passion projects for myself, a google dinosaur clone and a hangman game, both available on GitHub

Others:

September 2021

Interactive payment calendar for Darcy Company (from Mendoza), worked with HTML/Javascript/CSS
